3. How will the school consider my views and those of my child with regard to her/his difficulties with learning, special educational needs or disabilities?

- At Our Lady of victories school we believe it is very important for parents/carers to be involved in all areas of their child's learning and we actively encourage discussions. We believe, where appropriate, that it is essential to understand your child's views on any difficulties they may experience with their learning.
- You will be able to share your views and discuss your child's progress at regular meetings with the class teacher and others.
- If your child has an identified special educational need you will be invited to a termly meeting with the class teacher and SENCo to discuss current progress, support strategies being used and expected outcomes.

- Individual training can also be arranged when necessary.

5. How will the curriculum and the school environment be matched to my child's needs?

- At Our Lady of Victories School we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teacher.

- Our Lady of Victories School regularly reviews its Accessibility Plan to ensure that all children have the fullest access to the curriculum and the school site as possible.

## 6. What types of support may be suitable and available for my child?

This really depends upon the nature of your child's needs and difficulties with learning. But our education provisions will match the needs of the four broad areas of need as defined in the SEN Code of Practice 2014;

- **Communication and interaction**
- **Cognition and Learning**
- **Social, emotional and mental health**
- **Sensory and/or physical needs**
  - At Our Lady of Victories School we have a 3 tiered approach to supporting a child's learning.
    - Universal** – this is the quality first teaching your child will receive from her/his class teacher and may include some very minor adaptations to match learning needs.
    - Targeted** - it may be appropriate to consider making additional short term special educational provision to remove or reduce any obstacles to your child's learning. This takes the form of a graduated four part approach of a) **assessing** your child's needs, b) **planning** the most effective and appropriate intervention, c) **providing** this intervention and d) **reviewing** the impact on your child's progress towards individual learning outcomes.
      - Specific targeted one to one or small group interventions may be run outside the classroom. These will be limited to a number a weeks to minimise disruption to the regular curriculum. You will be kept informed of your child's progress towards learning outcomes.
    - Specialist** – it may be necessary to seek specialist advice and regular long term support from a specialist professional outside the school in order to plan for the best possible learning outcomes for your child. This may include educational psychology, speech and language therapy, occupational therapy, sensory advisory teachers and the child development service. The school may need to prioritise referrals to these services. However, for a very small number of pupils access to these specialists may be through a Statement of SEN or an EHC Plan.
  - The current interventions provided at Our Lady of Victories School are listed above.

## 7. How will you support my child to reach his/her learning outcomes?

- The class teacher and other staff working with your child ensure that your child receives appropriate teaching and support in order to reach these goals. The learning plan, strategies and progress will be reviewed termly.
- External agencies and specialists may also review your child's progress and adapt their planning accordingly.

## 8. What is an EHC Plan and who can request one for one for my child?

*The purpose of an EHC Plan is to make special education provision to meet the special educational needs of a child or young person, to secure improved outcomes for him/her across education, health and social care and, as he/her gets older, prepare for adulthood. An EHC Plan will contain;*

- the views and aspirations of you and your child,
- a full description of his/her special educational needs and any health and social care needs,
- establish outcomes for your child's progress,
- specify the provision required and how education, health and social care will work together to meet your child's needs and support the achievement of the agreed outcomes

You, your child (where appropriate and aged 16 and over) and/or the school, usually the SENCo or Headteacher, can request that the local authority conduct an assessment of your child's needs. This may lead to an EHC Plan.

## 9. How will you help me to support my child's learning?

- There may be suggested strategies or activities for you to do at home to support your child's learning.
- We sometimes run parent/carer workshops in school to help you understand the strategies used in school. In addition, we may be able to offer you individual training in specific support strategies relevant to your child.
- The SENCo may also support you with strategies, resources and ideas for supporting your child's learning at home.
- You may have an opportunity to meet with other professionals involved in supporting your child.

## 10. How is support allocated to children and how do they move between the different levels of support in school?

- Our Lady of Victories School receives funding from the Education Funding Agency and/or the Local Authority. These funds include money to support the learning of children with SEN and/or disabilities.
- The Head teacher, in consultation with the school Governors, decides the budget for SEN provision on the basis of the needs of the children in the school.
- The Head teacher and the SENCo discuss the effectiveness of the school's current interventions and provisions and prioritise an action plan, which may include additional or alternative interventions, staff training and equipment needs.
- This process is reviewed regularly to ensure the best possible intervention is provided to those children who require additional support to learn.

11. How will the school know that the support has made a difference to my child's learning and how can I and my child be included in this review process?

- Your child's progress will be assessed both in terms of his/her regular learning within the class and with regard to specific intervention programmes.
- The impact of the support given is carefully measured to ensure that the learning outcomes have been achieved and if not, what adaptations are necessary. It may be decided that a further period of support would be beneficial for your child.
- You and your child will be kept informed and encouraged to be actively involved at all stages of this support.
